

February 15, 2013

The Council of the IERASG cordially invite researchers, clinicians, and students from areas affiliated with electric response audiometry to the **23<sup>rd</sup> Biennial Symposium**, in New Orleans, USA in June 2013. By the 23<sup>rd</sup> Biennial Symposium, we mark a history of congresses extending nearly a half century by way of multi-national scientific meetings held around the globe, seeded by Hallowell Davis and other founding fathers of modern ERA, dedicated to continuing advances of evoked potential measurement and technological applications. This 4-day meeting thus brings together like-minded enthusiastic professionals to present and discuss the latest research and clinical applications of ERA and related technologies.

From its beginnings as an informal "club" in 1968, the IERASG has become recognised as the premier body through which such advances in the field are introduced, developed and disseminated, expressly in a forum that encourages an informal environment of interaction among presenters, attendees, and commercial instrumentation representatives alike, whether established workers, newcomers, or students. At the same time, the quality of the science is world class and spans the spectrum from pure research to clinical practice. The Group thus is not a society, rather an organization that retains informality intentionally and uniquely is dedicated to holding our Biennial Symposia strictly in a non-profit manner, with emphasis on encouraging young investigator/student participation in what often proves to spark a lifetime of open communication with more established workers and leaders in the field.

The 23<sup>rd</sup> symposium promises to build on the success of the 2011 meeting in Moscow and you are warmly welcomed to share what promises to be an exciting combination of great science and the rich culture of this Biennial Symposium's venue.

***Submissions of Oral Presentations and Posters are welcomed on all aspects  
of auditory and other evoked responses, including (but not limited to)***

**Auditory Brainstem Responses**

**Auditory Middle and Long Latency Responses**

**Auditory Cognitive and Event-Related Potentials**

**Auditory Steady State Potentials**

**Electrocochleography**

**Electric Evoked Responses**

**Otoacoustic Emissions**

**Vestibular Evoked Myogenic Potentials**

**SCIENTIFIC PROGRAM CALENDAR**

**REGISTRATION**

◇ Sunday, June 09, 2013 3:00 PM - 5:00 PM

**OPENING WELCOME and RECEPTION**

◇ Sunday, June 09, 2013 7:00 PM - 9:00 PM

**GENERAL SESSION I**

◇ Monday, June 10, 2013 7:00 AM - 5:00 PM

**EXHIBITS**

◇ Monday, June 10, 2013 7:00 AM - 5:00 PM◇◇

**HALLOWELL DAVIS LECTURE – Prof. James Jerger**

◇ Monday, June 10, 2013 7:00 AM - 5:00 PM

POSTERS

◊ Monday, June 10, 2013 7:00 AM - 5:00 PM

GENERAL SESSION II

◊ Tuesday, June 11, 2013 7:00 AM - 5:00 PM

KEY NOTE ADDRESS – Prof. Helen Neville

◊ Tuesday, June 11, 2013 7:00 AM - 12:00 PM

EXHIBITS/F&B II

◊ Tuesday, June 11, 2013 7:00 AM - 5:00 PM

POSTERS II

◊ Tuesday, June 11, 2013 7:00 AM - 5:00 PM

GENERAL SESSION III

◊ Wednesday, June 12, 2013 7:00 AM - 5:00 PM

EXHIBITS/F&B III

◊ Wednesday, June 12, 2013 7:00 AM - 5:00 PM

POSTERS III

◊ Wednesday, June 12, 2013 7:00 AM - 5:00 PM

POSTERS IV

◊ Thursday, June 13, 2013 7:00 AM - 5:00 PM

EXHIBITS IV

◊ Thursday, June 13, 2013 7:00 AM - 11:00 AM

GENERAL SESSION IV

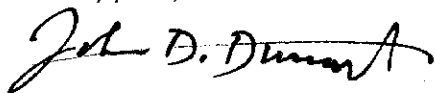

◊ Thursday, June 13, 2013 7:00 AM - 11:00 AM

CLOSING SESSION – General Assembly and Invited Program Summary

◊ Thursday, June 13, 2013 11:00 AM - 12:30 PM

We look forward to welcoming you to New Orleans and the 23<sup>rd</sup> Biennial Symposium.

Sincerely yours,

John D. Durrant, PhD  
Professor Emeritus, University of Pittsburgh  
Chair, IERASG Council

Cynthia Fowler, PhD  
Professor, University of Wisconsin-Madison  
Chair, Organization Committee
